Continuity of Business in the HPAI 2015 Outbreak

Permitting

Linda C. Glaser, DVM DACVPM
2015 USAHA / AAVLD CAEM
Guidance References

• HPAI Red Book 5.10.2
  – Tables 5-5, 5-6, 5-7
• NAHEMS Continuity of Business (12/13)
• Secure food supply plans
Continuity of Business

• Permit requests when Control Areas established
• Initially just commercial premises
• Later permitted movement of backyard birds to slaughter and eggs for distribution
• Permits needed to move into a Control Area
Commercial Premises in Control Zones

* Data from MPTL database; numbers include infected premises
Using EMRS2 for permitting

• To use EMRS2, all locations need a Prem ID
• To generate permits from EMRS2 – need trained staff
• Permit requires approval at both ends of permit in EMRS
• Template used to merge data from EMRS2 into a permit document
# Permit

## Movement of Day-Old Poult Out of a Control Area

### Permit Information

<table>
<thead>
<tr>
<th>Permit number</th>
<th>«Permit_Name»: movementName</th>
</tr>
</thead>
<tbody>
<tr>
<td>Issued</td>
<td>4/14/2015</td>

</tr>
</tbody>
</table>

### Conditions

1. Poult will be moved in clean reusable or new paper boxes with clean reusable or new pads.
2. Trucks and trailers will be cleaned and disinfected before poult are loaded.
3. Prior to coming onto the hatchery premises and or backing into the loading dock, the wheels and undercarriage will be sprayed with disinfectant.
4. Truck drivers must use full coverage on each farm of delivery (hammet, mask, coveralls, gloves, and disposable boot covers) and follow protocols for movement between the farm and truck.
5. Floor mats, pedals, seat, and shoes must be sprayed with disinfectant and tires and undercarriage disinfected before leaving the farm.

Authorized by

Linda C. Glaser, DVM
Board of Animal Health

Date
4/14/2015
MN Permitting Stats

• Hours worked
  – 288 staff hours/week

• Total Permits
  – Poultry and eggs - 931 permits / 3,074 movements
  – Feed: 553 permits / 5,587 movements
  – Slaughter product: 1,399 permits / 4,628 movements
4-State Permitting Survey

• Permitting done by state or state led staff
  – WI turned all permitting over to HPAI unit
• All permit information went into EMRS2 but after the permit generated for IA and SD
• Core poultry products permitted
  – Other permits varied between states
• #1 Difficulty IA, MN, WI—Time / staff to complete permits
Preparation

• Where will permitting fit in your ICS structure?
  – Who will make final decisions?
• What will you permit / not permit?
• Where will data be stored?
• How will permits be generated?
• How accurate is your premises information?
