Popular Electronic Systems

How do we increase the use of electronic systems?

- Mandatory/ regulation (electronic forms, RFID tags)
- Incentives for vets (low/no-cost platforms, provide software/hardware, offer to eliminate import permits)
- Retirement
- Charge more for paper documents
- Targeted outreach
- Client/ industry pressure
- Increase ADT enforcement (at entry points, on complete CVI data)

% Exports on Elec-CVIs

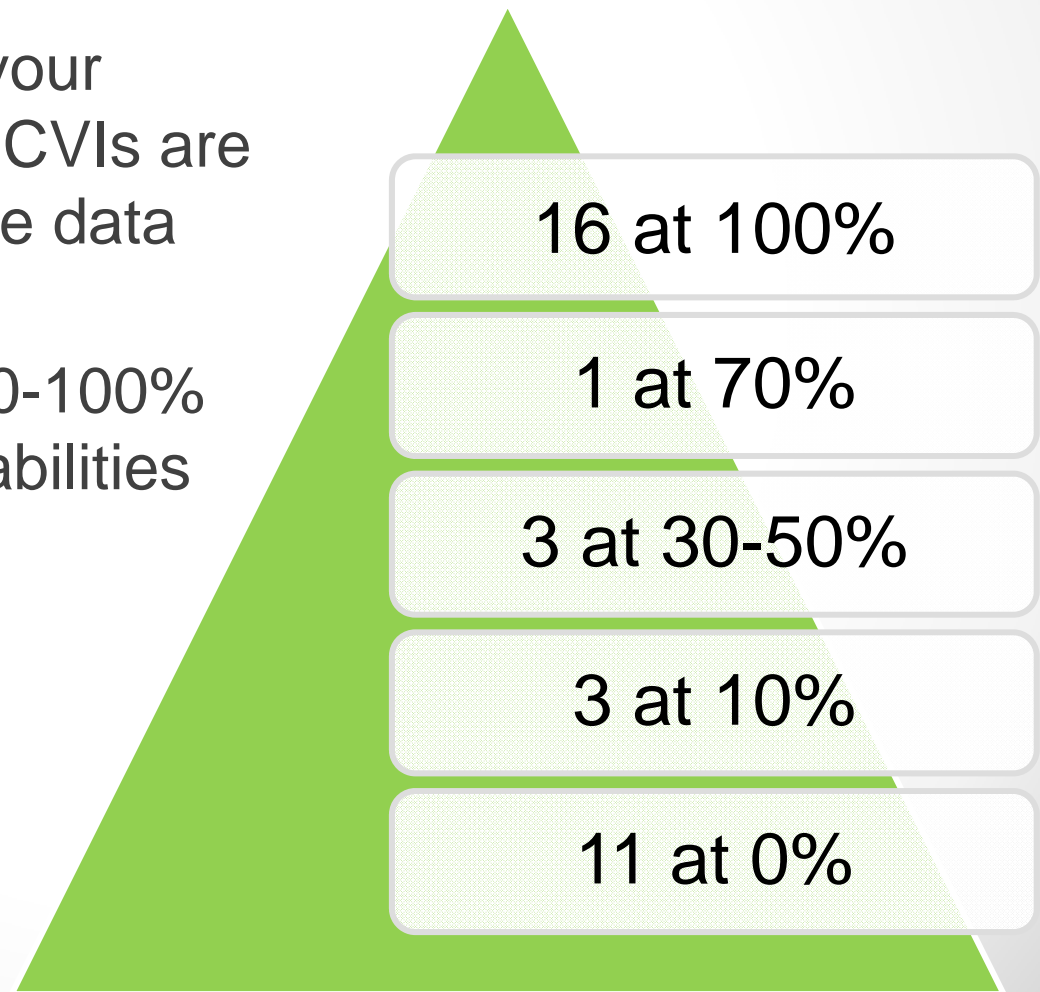

Electronic data systems

- What system do you use to convert paper-based ICVIs to electronic media?
- Describe the method...

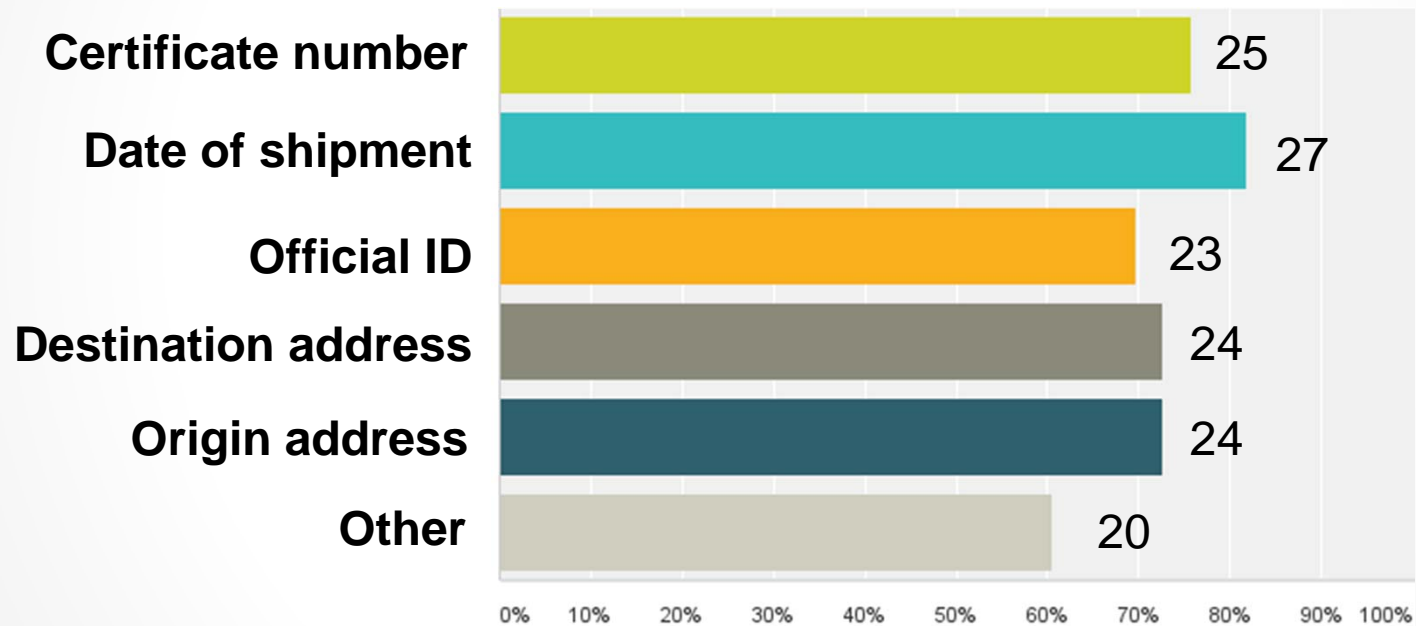

- What system, if any, do you utilize to search for data elements within electronically stored ICVIs?
- Briefly describe how the system works...

Electronic data systems

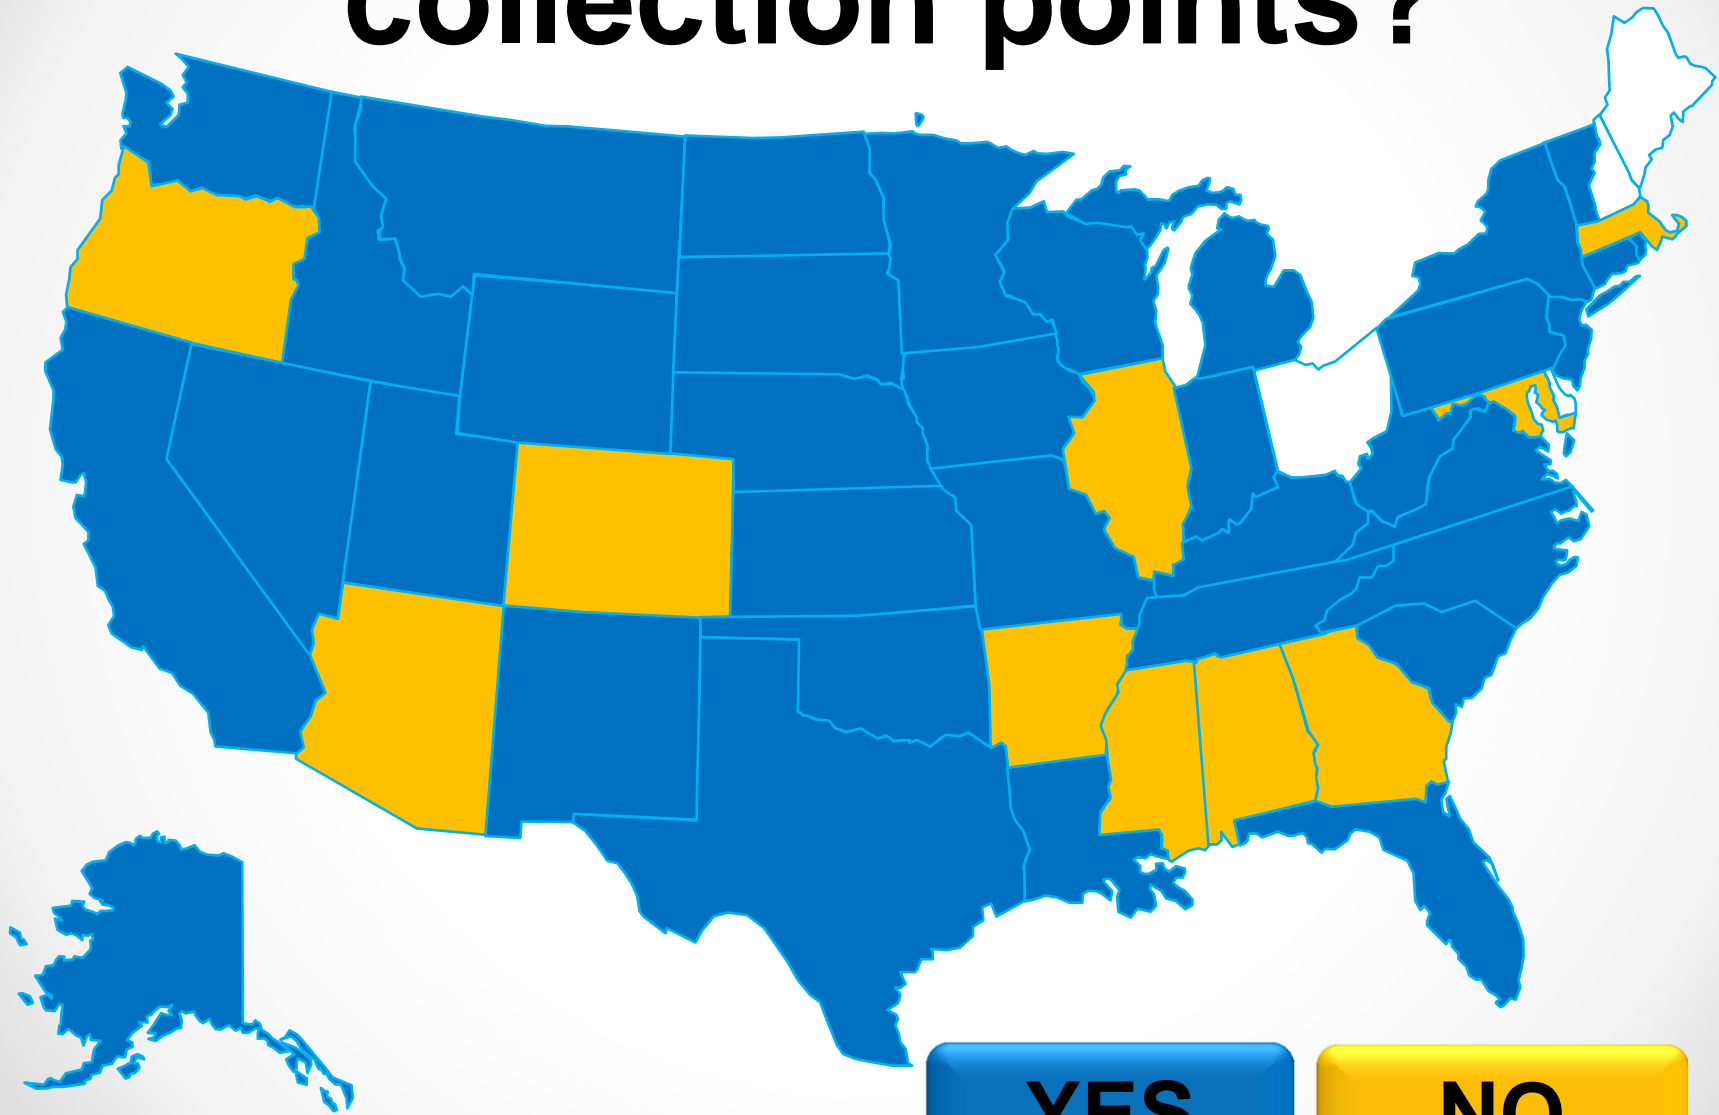

- What percentage of your electronically stored ICVIs are saved with searchable data elements?
- 37 respondents had 0-100% searchable data capabilities

Searchable points

Is ADT enforced beyond collection points?

YES

NO
